*Greetings from the East*
Greetings from the East my Brothers

As the year is coming to a close. To do what Mason I want to take this time to thank all of you for making this a prosperous and vibrant year in our Lodge. We have collectively raised 3 as Master Masons, 2 as Fellowcraft and 2 as Entered Apprentices. We also have two petitions in the works to be voted on. That’s a total of 9 new brothers coming into this Lodge, that equates to over 20% of growth in one year. But our job is not done by no means. We need to continue to do what Mason’s do best “ Making Men Better”. We do this by providing ourselves as positive role models, in Degree work, Masonic Educations, Fellowships and sharing our experiences with fellow brothers. Our Lodge has a wealth of experience in all these aspects, so it is our job to nurture and teach new brothers. We will continue to travel around the State to other Lodges to expand friendship and knowledge with like minded brothers. We need to continue our Educational subjects to keep Brothers Engaged in Lodge activities. We need to continue our Charitable events, because that’s what masonry does. By providing these qualities of Life we are providing the “Positive Role Model” example of freemasonry. We will continue to travel socially with our families, so we can keep them engaged with us.

Now this past year did not go by without its challenges. We experienced many Health and Welfare obstacle’s, yet we rose above them and prevailed. We all have something to be thankful for,

*Greetings from the West*

As we close out 2025, I want to reflect on this last year at the Lodge and express my gratitude for the work we accomplished together. This past year, our communications continued to improve. The expanded use of Grand View and WhatsApp strengthened our ability to share information quickly and clearly, and we will keep refining these tools in the year ahead. Your feedback on communications, what worked well and what we can improve, is both appreciated and sincerely solicited. But most especially we lived our Masonic values through meaningful charitable work. Several brothers stepped forward with initiative and leadership. Brother Eric once again gathered musicians and supporters to lead the Concert for Ukraine, which strengthened our ties in the community and with a dedicated Brother from the District. All of this is now inspiring others, such as Indi Nunes, to act to relieve the suffering of the Ukrainians. Isn’t it remarkable how good work grows.

Brother Anthony Nunes lent his talents, and those of his musical friends, to support Brass for a Cause, creating a wonderful event where his outside life and the life of the Lodge intersected for cancer research. Our Lodge continued its support for local students through our contribution Joel Barlow High School student scholarship, helping a graduating senior pursue the next step in their educational journey. Worshipful Brother Holms and I assisted a couple of times with a charity named Filling in the Blanks, which is dedicated to reducing hunger among low-income children in our surrounding communities. Our collective effort supporting the Easton Senior Center’s annual holiday food drive once again demonstrated our commitment to local families. We continued our commitment to Masonic education and mentorship, ensuring that newer Brothers have the guidance, support, and encouragement needed to advance confidently on their Masonic journey. Looking ahead to 2026, I am optimistic of another good year. Together, we will stay focused on living our Masonic values, which will inevitably make us wiser, better, and hopefully happier. As the Senior Warden, I want to thank every Brother who gave of his time, his talent, or simply his presence. Each and every contribution reflects positively on our Lodge and on Masonry in Easton. It has been a pleasure to serve as the moon to the Worshipful Master’s sun, reflecting his light and supporting his leadership throughout the year.
